AWARDED BRONZE STAR MEDAL

MARINE MJR. HOWARD J. SMITH
By Sergeant Cyril O'Brien, a Marine Corps Combat Correspondent

Somewhere in The Pacific (Delayed)—Marine Major Howard J. Smith, of 7928 Zimple Street, New Orleans, La., who defied enemy fire on Guadalcanal to organize scattered Marine companies for a battalion attack, has been awarded the Bronze Star Medal.

His wife, Mrs. Charlotte Carter Smith, and son Howard, Jr., two, live at 114 Beach Boulevard, Bay St. Louis, Miss.

The citation presented with the award says:

"On July 21, Major Smith acting on his own initiative and with utter disregard for his own safety, exposed himself continually to enemy machine gun and mortar fire while moving along the beach reorganizing units of his battalion and directing them into their assigned areas."

"Four times he crossed the fire line of an enemy machine gun located about 50 yards away, in order to contact a company so that it could be organized into the battalion scheme of maneuver."

"His coolness under fire was an inspiration to all those about him and it was largely by his courageous actions on the beach that the battalion was so quickly organized and placed in position to attack."

Smith is a graduate of Tulane University and a veteran of the Bougainville campaign. He has been overseas 25 months.

Wind Storm Damages Property

When Bay St. Louis people looked out Monday morning on blue skies and bright sunshine it was hard to realize that a storm had raged from midnight Saturday until past nine o'clock Sunday night.

The wind picked up a velocity of fifty miles an hour and the increasing high tide caused the Beach residents to be alarmed. Though the railroad bridge across the Bay was almost entirely submerged by water train traffic was not delayed to any great extent.

The major damage was to the piers many of which were completely destroyed and others partially destroyed. An estimated loss of \$10,000 is reported. The Waveland Roadway was said to be under water half, ing all automobile traffic and debris was piled high on the road. Water was said to be four feet above normal height.

Minor damage was done to the roofs of houses and shrubs, trees and flowers were practically killed from the salt spray.

The partially constructed pier of the Brignac and Maumus homes were carried away. The C. B. Penrose and S. D. Siler piers were partially destroyed as were the Scrimshaw, Carrere, Fournier and many others.

HELP FOR VETERANS

Governor Thomas L. Bailey is very active in organizing a program of help for the veterans when they get home. Governor Bailey realizes, as others do, that many will be looking for jobs, and everything possible must be done for them. Governor Bailey has prepared a digest of the important state law, pointing out the rights and benefits concerning the veterans. All important matters will be communicated to the counties through the chairmen of the Veterans Service Committees. The Mississippi Unemployment Compensation Commission will co-operate, where possible, with other movements. All together it will be possible to make a good situation for our veterans when they come home to assume the duties and responsibility and enjoy the opportunities of normal life.

SNIDER APPOINTED

Hon. J. B. Snider, former Lieutenant Governor and now editor of the Daily Press in Clarksdale, has been appointed by Governor Bailey as a member of the State Forestry Commission to succeed W. A. Leavell of Meridian, who recently resigned. Mr. Snider is a strong advocate of forest propagation and conservation. Timber has been one of the great assets of this state, but something must be done very soon or the supply will be exhausted. Figures recently quoted show that from June 1940 to December 1944 Mississippi produced 10,969,231,381 feet of lumber, an average of 2,434,718,160 feet a year for the four and one-half years. If this source of revenue is to be saved to the state, growing forests must be protected and denuded lands must be replanted.

TAX COLLECTIONS

Collections through the Tax Commission from January 1 to March 27 total \$8,952,755.00, which is about 200 thousand dollars in excess of the amount collected in the same period of 1944. Income and tobacco tax, and a few smaller units are running behind last year. The severance tax on crude oil brought in more than 100 thousand dollars in March. The current year, with many new wells producing, will bring in more than a million and a quarter dollars. At least four new wells have come in during the past few days and many other tests are being made. All development along this line will add wealth to the state and produce more taxes for government.

HOSPITALS

After a conference with the authorities in Washington the committee looking after the matter reports to the state that the Veterans Hospital at Gulfport will be overhauled and enlarged. Complaint has been made that the facilities for treating veterans in that hospital are entirely inadequate both as to space and service. High medical authorities are satisfied that wounded soldiers are not receiving the best of treatment in many of the hospitals and a movement for a general investigation has been started.

WAR WORK

It was reported around the State Capitol last week that there is an urgent need for at least 1100 additional war workers to take care of the demands in the Jackson area. This is a good opportunity for people not otherwise engaged at this time to make some money for themselves and at the same time to render valuable service to the war effort.

CASH BALANCE

At the close of business on March 28 there was a cash balance of \$15,160,227.47 in the state Treasury. With all required obligations paid, within the next few weeks some heavy collections are to be received, there will

GERMANY

The war in the European theatre has reached the stage where anything can happen any day. According to all of the rules of the game of warfare, these words should appear in print. In fact, hostilities should have ceased many months ago. But this war has been different in its psychology just as it has been unprecedented in its intensity. This has largely come about as the result of the installation of the "do or die" fanaticism in the minds of the German as well as the Japanese people. It has also in turn been accentuated by the unconditional surrender theory of the Allies. In other words, the Allies have retaliated to the German and Japanese fanaticism by issuing an edict of unconditional surrender. As a result of all of these complexities

also be some heavy receipts and it appears that the fiscal year ending June 30 will show a good balance in the treasury.

it would now appear that there will be no formal surrender. In fact, Hitler has reached his rope's end and, being confronted with the rope, may decide to either attempt an escape or possibly end his own life by suicide, leaving no head of the German government with authority to surrender. This, of course, would mean chaos and could only result in the full occupation of Germany by the Allies with the whole country under martial law. Should these things happen then of course there would be nothing left for the Allies to do but to set up some form of government, even as the Nazis did in the over-run countries of France, Belgium, Norway, etc. But out of all of the maze of events one thing is certain; and that is that the end of organized resistance by the German armies is an immediate prospect.

Whereas, pursuant to said order, the said bonds were thereafter duly executed, issued and delivered in exchange for the bonds refunded thereby, an became the valid, lawful and binding obligations of Hancock County, Mississippi; and

Whereas, bonds Nos. 1 to 8 inclusive, maturing May 1, 1943 and Bonds Nos. 9 to 23 inclusive, maturing May 1, 1944, totalling \$16,000.00, were refunded by order of the Board of Supervisors of Hancock County, Mississippi, dated October 9th, 1942, and bond No. 24, in the sum of \$500.00 has been paid, and

Whereas, none of said bonds, issued as aforesaid, excepting Bonds Nos. 1 to 8, inclusive maturing May 1, 1943 and Bonds Nos. 9 to 23, inclusive, maturing May 1, 1944, totalling \$16,000.00, which were refunded by order of the Board of Supervisors of Hancock County, Mississippi, dated Oct. 9th, 1942, and Bond No. 24 in the sum of \$500.00, which has been paid, has heretofore been paid, redeemed or cancelled; and

Whereas all of the said bonds, issued as aforesaid, now remain outstanding and unpaid; and

Whereas, of the aforesaid outstanding bonds, bonds numbered from 25 to 41, inclusive, aggregating Seventeen thousand, Five Hundred Dollars (\$17,500.00) will mature during the years 1945 and 1946, and

Whereas this Board does now find and determine that due to the disruption of economic conditions because of the existence of war, funds available from taxes are not and will not be sufficient to pay all of such outstanding bonds maturing in the years 1945 and 1946 on the dates when said bonds become due, but that funds will be sufficient to pay and retire the aforesaid Bond No. 41 in the amount of Five Hundred Dollars (\$500), due May 1, 1945; and

Whereas the said County is authorized under and by virtue of Sections 4358 to 4365, both inclusive, of the Mississippi Code of 1942, to issue the refunding bonds of said County for the purpose of refunding the aforesaid outstanding bonded indebtedness, whether such bonded indebtedness shall, at the time of such refunding, be due or to mature in the future, and regardless of whether or not the issuance of such refunding bonds shall create a total bonded indebtedness of said County in excess of the now existing statutory debt limit and is authorized to issue such refunding bonds in sufficient amount to pay and retire all of the aforesaid outstanding bonds maturing in the years 1945 and 1946, and is authorized so to do whenever funds available for the payment of said outstanding bonds are not sufficient to pay the same whenever they may mature; and

Whereas, this Board does now find and determine that of the aforesaid outstanding bonds maturing in the years 1945 and 1946, bonds numbered from 25 to 40, both inclusive and 42 to 50, both inclusive, aggregating Seventeen Thousand Dollars (\$17,000) should be refunded, and that because of the low interest rate at which such bonds may now be refunded, it would be in the best interest of said county that refunding bonds be issued at this time and thereby prevent default being made in the payment of said outstanding bonds at maturity.

Now Therefore, Be It Resolved by the Board of Supervisors of Hancock County, Mississippi, as follows:

Section 1. That for the purpose of refunding the outstanding Road and Bridge Refunding Bonds of 1938 of Hancock County, Mississippi, aggregating the principal amount and sum of Seventeen Thousand Dollars (\$17,000), which said bonds are more fully set forth and described as follows:

"THIS MAN'S NAVY"
AT ORTTE THEATRE
SUNDAY AND MONDAY

Wallace Beery and Tom Drake in M. G. M.'s Exciting Adventure Film

Wallace Beery follows his outstanding hits in "Salute to the Marines" and "Barbary Coast" with a story of the celebrated but unsung lighter-than-air service of the United States Navy. It's called "This Man's Navy" and it's a fine tribute to those who man the dirigibles and perform heroic feats in the dangerous job of hunting down submarines. The film is to play at the Ortte Theatre this Sunday and Monday.

Wally plays Chief Aviation Pilot Ned Trumpet, who loves two things: the LTA and telling tall tales. He meets young Jess Weaver, a crippled lad, and proceeds to "adopt" him. Trumpet tells his pals at Lakehurst, particularly his side-kick Jimmy Shannon (played by James Gleason), about his "son" and then has to produce evidence.

Not only does Ned get the Lakehurst doctor to start the wheels turning for a successful operation on the young man, but also finds a lovely girl for Jess. Jan Clayton, a pert, red-haired young lady, plays Cathey and plays her very well indeed. You'll be looking forward to more pictures featuring that young lady. Jess becomes an officer and he and Ned go on to sub patrol over the Atlantic. They sight and sink one of the underwater menaces, but not before it damages the blimp so badly that it also goes down. Trumpet takes the blame for disobeying orders and everyone knows he's covering up for Jess, who is decorated as a hero despite the fact he displayed cowardice during the fight. Though Ned and Cathey stick by him, Jess gets a transfer to ferry command. Later, in a thrilling sequence Ned and Jess meet again on the Burma frontier and thanks to his "dad's" training, Jess proves himself a real hero.

"This Man's Navy" has been handsomely produced and expertly directed. Beery is at his best as the boastful Trumpet, and personally Tom Drake follows his successes in "Meet Me in St. Louis" and "Maise Goes to Reno" with this, his most important role to date.

'WAVES' ARRIVING ON TIDE OF COMEDY AND ROMANCE AT A. & G.

Sunday and Monday, 8 and 9th.

The consensus of opinion by preview audiences who've seen Paramount's "Here Comes the Waves", arriving Sunday and Monday at the A. & G. Theatre, is that Mark Sandrich has scored again! Starring players of "Here Comes the Waves" are Bing Crosby, Betty Hutton and Sonny Tufts. The particular production number "Accentuate the Positive", featuring the hit song by Johnny Mercer, seems destined to fascinate audiences with its solid rhythm, we are told. The screenplay by Alan Scott, Ken Englund and Zion Myers tells about the Miller twins, Susie and Rosemary, played by Betty Hutton in a dual role. The twins are dancers but decide to join the Waves for the duration. While in training, they meet the singing idol of the nation, played by Crosby, who falls in love with Rosemary. Susie, however, really has a crush on Bing and that's where the fun begins.

With the aid of Windy, portrayed by Sonny Tufts, Susie convinces to win the groaner's attentions. Tufts, also in love with Rosemary, does everything possible to block Bing's romance. Things are complicated even more by the fact that both Bing and Sonny are Navy gobs. When the final showdown comes, plenty of surprises are in store for the customers, with a surprise ending which keeps everyone happy.

Topping off the broadside of comedy and fun in a gala musical show under Bing's direction. Staged as an attraction to recruit Waves, the show is a howling success. Bing does a black-face act, Betty goes into several of her now famous routines and there's a plentiful supply of songs and comedy.

For lively, musical entertainment with a strong comedy vein, critics predict "Here Comes the Waves" will fill the bill with plenty to spare. Catherine Craig, Noel Neill, Ann Doran and other Paramount love-lies add a decorative touch while a chorus of beauties lend their talents and charm to the production.
